

# DANDI BIYO RULEBOOK (RAG-FRIENDLY)

## 1. INTRODUCTION

Dandi Biyo is a traditional Nepali sport played using a long stick (dandi) and a short pointed pin (biyo). This rulebook consolidates both traditional and modern rules, with standardized dimensions and gameplay logic suitable for RAG systems.

## 2. EQUIPMENT SPECIFICATIONS

### 2.1 Dandi (Stick)

- Length: 45 cm
- Radius: 1.5 cm
- One end has a 5 cm grip with 0.5 cm depth.
- Opposite end has a 0.5 cm tapered tip and a 2 cm carved striking surface.

### 2.2 Biyo (Pin)

- Length: 15 cm
- Radius: 1.5 cm
- Both ends tapered 0.5 cm.

## 3. PLAYING FIELD DIMENSIONS

- Length: ~40 m
- Width: ~50 m
- Shape: Oval or rectangular
- Hole (khop) placed 5 m inside one end.
- Hole dimensions: 4 in long and 6 in deep.

## 4. TEAM STRUCTURE

- Two teams: Dandi Team & Biyo Team
- Team size: 7 players each + 2 substitutes
- Compact format: 5 players each if space-limited

## 5. GAME OFFICIALS

- 1 Referee
- 2 Linesmen
- 1 Scorekeeper

- 1 Timekeeper

## 6. CORE GAMEPLAY MECHANICS

### 6.1 Hitting the Biyo (Hutne)

- Player strikes the biyo placed in the hole.
- Goal is to propel it as far as possible.

### 6.2 Returning (Defending)

- Biyo team stands 20–25 m away.
- If they hit the flying biyo and it touches the hole, hitter is OUT.

### 6.3 Catching/Throwing

- If biyo lands, defenders may throw it at the dandi.
- If it hits the dandi, hitter is OUT.

### 6.4 Tyak (Tapping Mechanic)

- If not out, hitter may tyak the biyo (tap upwards repeatedly).
- Score multiplier equals number of tyaks.

## 7. SCORING SYSTEM

- $\text{Score} = \text{distance (dandi units)} \times \text{tyak count}$
- Less than 1 tyak = no score
- Zero successful tyaks = OUT

## 8. OUT CONDITIONS

- Biyo returned to hole during flight
- Thrown biyo hits dandi
- Zero tyaks
- Boundary violations

## 9. TIME RULES

- Match duration: 1 hour
- Tie → 30 min extra
- Ends early if all players out

## 10. TRADITIONAL RULES

- No fixed team size or field size
- Scoring: Ekko–Dubo–Tibbo–Jharro–Bhaanchho–Chhaimal–Sithi–Pire
- Pire tracked using stones

## 11. SAFETY RULES

- Mandatory helmets
- Minimum 4.5 m distance between dandi and biyo players during setup

## 12. MODERN STANDARDIZATION

- Standardized by Nepal Dandi Biyo Association (2055 BS)
- Uses official score sheets & player records

## 13. RAG STRUCTURE NOTES

- Chunkable sections
- Clear dimensions
- Explicit mechanics
- Stable terminology

## 14. GLOSSARY

Dandi – long stick

Biyo – pointed pin

Khop – hole

Tyak – tapping

Hutnu – hitting

Tolnu – striking the dandi with biyo
